OBJECTIVE

As an ambitious final-year Computer Science student at College LaSalle, I am seeking an internship that will allow me to apply my strong foundation in Java, JavaScript, HTML, and CSS. I am eager to contribute my problem-solving abilities and hands-on software development skills in a role where I can gain practical experience while creating efficient, user-centered applications that add real value.

EXPERIENCE

2019-2022 **Gets Commerce.**

• Provided online customer support by assisting users with inquiries, troubleshooting issues, and resolving complaints to ensure customer satisfaction.

• Managed and updated product listings to maintain accurate and appealing presentations.

• Leveraged problem-solving skills to identify recurring issues and improve support efficiency, enhancing the customer experience.

PROJECTS

Personal Portfolio Website

• Built a personal portfolio website using React, HTML, and CSS to display skills and projects.

• Created an intuitive and accessible user interface with responsive design for various devices.

• Integrated interactive components to demonstrate front-end development skills and attention to detail.

Tech Week Schedule App

• Developed an Android application in Android Studio for users to view scheduled Tech Week activities by day.

• Connected Firebase for real-time data management and retrieval and designed a user-friendly interface to improve navigation and user experience.

EDUCATION

2022 - Present **DEC – Computer Science**
Lasalle, College, Montreal QC

Graduated 2020 Felix Leclerc, High School**,** Montreal QC
